EXPLANATORY MEMORANDUM

The Small Business (Amendment) Bill 2020 seeks to amend the Small Business Act, No. 2 of 2004.

Clause 2 of the Bill which amends section 2(1) (f) of the Principal Act seeks to ensure that once a business employs not more than twenty-five persons; has a gross annual revenue of not more than sixty million dollars and total business assets of not more than twenty million dollars such a business in addition to satisfying the other applicable conditions stipulated in section 2 (1) (a) - (e), will be classed a small business for all purposes and intent of the Act. This amendment requires a business to satisfy all three of the above-mentioned criteria instead of two in order to be classed a small business.

Clause 2 of the Bill which amends section 2(2)(a) of the Principal Act seeks to ensure that documented verification of the criteria specified in section 2(1)(f) is provided prior to a business being declared an “approved small business”.

Clause 2 of the Bill which amends section 2 (3) of the Principal Act seeks to allow the Small Business Council to grant “approved small business” status to businesses based on recommendations from the Small Business Bureau.

Clause 3 of the Bill seeks to amend section 11 (1) of the Principal Act to expand procurement opportunities by small businesses to include governmental works to be executed. The Principal Act provides for at least twenty percent of Government procurement of goods and services to be obtained from small businesses. Governmental works are excluded from this provision in the Principal Act.
